To whom it may concern:

My name is Vlad Levitsky (Owner and President of Intercontact Corporation USA) and I am a highly-experienced, purchasing agent for world-wide clients who wish to have a trusted purchaser here in the USA. During more than 14 years in business, we have accrued significant experience in buying, selling and servicing various types of oil and gas equipment and we are confident we can work successfully to deliver value to your company.

Intercontact Corporation is one of the suppliers of oil and gas equipment, and turn-key projects and services to Russia, Azerbaijan, Vietnam and South America. I am able to supply superior services to significantly help my client, for example, I did an exhaustive research and selected a highly recognized expert, Bob Malone of Malone Petroleum Consulting, who was of the highest quality that I expect for the benefit of my clients. Bob Malone was able to identify \$202,466,440 in overcharges made to my client - that is over 202 million!! In this manner, I have helped to pay for my services to my client for hundreds of years.

Best regards,

Vlad Levitsky
President
